ABOUT US

Introducing Time Pharmacy

Time Pharmacy is an online dedicated pharmaceuticals supplier to nursing and residential care homes. With over 10 years of experience of working closely & alongside care home owners, managers and staff we understand the needs and requirements of each care home are unique, therefore we offer you the flexibility to let you choose the correct service package to cater your needs.

We will do everything we possibly can to ensure we maintain our high standard of service, now and in the future. We provide to you comprehensive, cost effective and time saving solutions to many of the difficulties associated with the efficient administration of medication.

Our Superintendent Pharmacist Nur Saleem, has personally helped carehomes work through their CQC reports and implemented action plans to meet CQC compliance. He believes in team work and works closely with the care home to develop understanding, training and most importantly trust so that the benefit can be felt by the patients through better and more tailored care. He wants the pharmacy to be the first point of contact for your team who can call us any, no matter how small or irrelevant you may think the query is.

OUR MAIN CLIENTS

CARE HOMES

We do not have a walk in functionality like many other community pharmacies as we are based on the internet. Therefore there are no distractions when it comes to delivering the best possible service to care homes. For a care home having our pharmacy as your supplier is akin to having your own in house pharmacy with all of the benefits in terms of cost, speed and knowledge.

COMMUNITY PATIENTS

We also serve community pharmacy patients nationwide. We can even supply medication for care home staff and patient's relatives completely FREE of charge to their work or home addresses.

PRIVATE CLINICS

We also work closely with private clinics across the UK ranging with prescription services from minor ailments to vaccination clinics.
